## PRICE CHANGE NOTIFICATION

To Our Valued Customers:

September 15, 2025

As a result of the ongoing governmental actions in the form of reciprocal tariffs and amendments to Section 232 tariffs, along with additional increases we all are seeing in the costs of other raw materials, finished goods, labor, and transportation, as well as the continuing disruptions in the global supply chain brought on by tensions abroad, Edmund A. Gray Company finds it necessary to implement the following pricing changes, effective at the end of the business day on October 10, 2025. New pricing will be in effect on October 13, 2025.

The following product categories will have LIST price changes, with the approximate/average percentage of change shown. Exact percentages may vary by item.

PIPE FITTINGS		VALVES		PIPE FLANGES	
Malleable Iron	15%	Bronze/Brass Valves	25%	Cast Iron	20%
Bronze (Brass)	25%	Cast/Ductile Iron Valves	20%	Stainless Steel	20%
Stainless Steel (304/316)	20%	PVC Valves	15%		
Merchant Steel Ftgs & Cplgs	15%	Stainless Steel Valves	20%		
Aluminum Fittings	30%				

As with previous changes, we have carefully considered these numbers and continue to share in the burden of increases by absorbing a portion of the actual increases we face. With this in mind, we reserve the right to limit order volume based on historic purchasing patterns.

New spreadsheet versions of the list price sheets, in both spreadsheet and pdf formats, will be available for download soon from the EAGray website at [eagray.com](http://eagray.com). Please contact your local EAGray Sales Rep or our offices directly, should you have any questions or require additional info.

Edmund A. Gray Company remains dedicated to providing our valued customers with quality, service, and competitive pricing. On behalf of all Edmund A. Gray Company employees, we thank you for your continued support.

Respectfully,  
Edmund A. Gray Company, Inc.

L.C. Gray III, Vice President
